Non-licensed - A non-licensed teacher as noted in the report is one whose license was not valid *as of December 1, 2010*. When a teacher's license was issued after that date, it is noted with a double asterisk, e.g., 1 Teacher **. However, the deviation still remains in effect.

Process Comment: After completing the Annual Data Collection (ADC) data entry, preliminary accreditation reports are available to schools/districts/counties. This allows the opportunity to correct errors or to notify the Office of Public Instruction (OPI) of corrections already undertaken.
